[Find Your Local Bookshop](#)

If you are looking for a bookshop in the UK or Ireland, here's where you can find them. You can search by bookshop name, town, county, postcode and the display will show bookshop details and google map locations and streetview for all shops. You can search for all BA members, only independents, or independents and chain bookshops. Where the shop has a website, you can click straight through.

If you are looking for book recommendations, you might like to visit our independent bookshop recommendations site, [IndieBound](#) or the IndieBound Recommendations [Facebook](#) page, where you can ask real booksellers for real recommendations.
